

Community Preservation Advisory Committee Fall 2002 Survey of Priorities

The tally below represents the cumulative responses to the survey of relative priorities for the upcoming Community Preservation Advisory Committee. Twenty-six individuals responded, who represent several different interested parties and coalitions, including the development community, the environmental community, local governments, service centers, regional planners, and state agencies. Six of the thirteen CPAC members responded; approximately 25% of the individuals who received the survey responded.

Sorted by Short Term Priority	
Short Term Priorities	Areas of Focus
13	Projects and policies to promote regional planning and cooperation
9	Policies to stimulate increased stocks of affordable housing – both rental and ownership
9	Tax policy as it affects land use decisions
7	The State's fiscal policies that affect service center communities, rural lands and development sprawl
7	Education funding and school-siting policies that affect service center communities, rural lands and development sprawl
6	Issues related to growth caps, moratoriums , and related local policies
5	Coordination of state and local urban transportation planning and streamlining of local and state land use rules and regulations to permit and encourage efficient neighborhood and economic development in growth areas
4	Land use policies that affect service center communities, rural lands and development sprawl
4	The impact of growth-related capital investments and location decisions by the State
4	Existing programs related to growth management
3	Transportation policies that affect service center communities, rural lands and development sprawl
3	The role of state office buildings in the continued viability of downtown service centers within the State
1	Establishing a state transferable development rights bank

Sorted by Longer Term Priority	
Longer Term Priorities	Areas of Focus
